

CAJEE BOUND (Bonfanti – Gariazzo – Treves)

Left my home Early in spring
Everything's behind I don't miss a thing
I was lost People but now I'm found
Back on my feet I'm Cajee Bound
Cold north wind you can catch me now
Cold Chicago winter you can bring me down
My soul is deep in the heart of the sun
Lord I'm cajee bound

There are voices inside my mind
Tellin' me that now is the time
To Pack up and get me a ride
Gotta have my baby by my side

CHORUS: Oh I know I won't be always right
But I know I can't still the things go right
Yes I'm sure I wanna change my stle
Now I'm cajee bound

No more sorrow no more bad times
No more wanderin' no more ridin' the blind
Dark as the fog sharp as a knife
This indifference was ruinin' my life
CHORUS
