

FOOL AROUND (Fabio Treves) CD "Blues Again" 2001

**Please.. stop talkin' too much
Take the bus, if you can
Take my blues, if you need
Take my heart, if you want
But please, stop talkin' too much, hey baby..
You just talked to me enough**

So really I don't want...fool around with you

**Call my name, if you want it
Call me man, if you need it
Call me later, if you can,
But please..stop drivin' me mad, hey baby...
You just talked to me enough**

So really I don't want...fool around with you

**Early in the morning when the blues is down
Later in the evening drivin' back to town
Listenin' blues guitars in a smoky club
I really fool around with you..
Play the fool for you..
Play the fool for you..**
